

TECHNICAL DATA

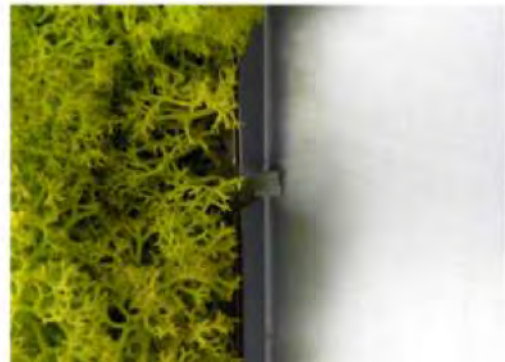

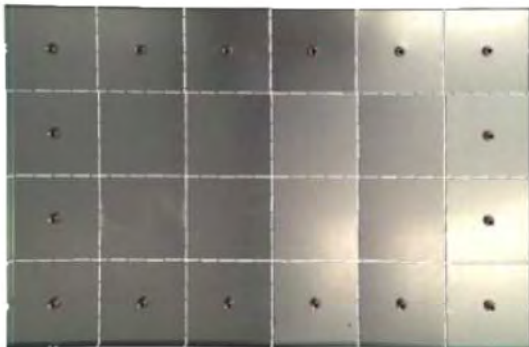

Hydra Moss

PRODUCT FEATURES

Panel 15.75in. x 23.62in. in galvanized steel sheet covered permanently with PVC film. Thickness 6/10. Weight of Panel 5.29lbs.

Standard panel. Front and back side.

Finish panel 15.75in. x 23.62in. can be cut along cutting lines to obtain finishing pieces.

Locking systems for joining the panels on the wall.

Hydra Moss

Hydra Wall is a natural stabilized lichen which can only be used indoors. It keeps its softness by absorbing moisture in its environment. Colors and variations are a characteristic of the product.

Hydra Wall has a certificate 35% sound absorption rate.

Hydra Wall is made in Italy.

Hydra Wall does not originally present bacteria and it is a very hostile environment for the reproduction of insects. Test certificate nr. 1990706284

Hydra Wall has a 4 year guarantee from date of purchase.

Hydra Wall is not for outdoor use.

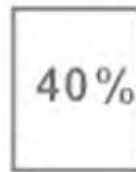

Hydra Wall is certified for fire by a main Italian certification institute. Classification of reaction to fire according to UNI EN- 1350-1, 2009 B-S2 d0.

Hydra Wall does not grow.

Hydra Wall does not need water. Do not spray or wash it.

A relative humidity of 40% must be ensured (level needed for well being).

Hydra Wall is antistatic.

Hydra Wall does not like direct sunlight. It can be used in a room with no natural light.
